## User Instructions ENGLISH

this helmet is designed for Kitesurfing, Windsurfing, Surfing, Foilsurfing, Wakesurfing and Canoeing whitewater class 1-4. It is not designed to use on other sports or any vehicles or any other machines. This helmet is not to be used by children. This helmet is not a toy. Check this helmet before every use. If anything is damaged or missing do not use the helmet. For cleaning, use a soft cloth, mild soap and water only. Do not remove or modify any part of the original helmet. The protection given by this helmet may be severely reduced by painting, stickers, transfers, cleaning fluids, chemicals and other solvents. The helmet will be damaged if exposed to temperatures exceeding 65°C (150°F) (inside a car). If so, the helmet must be replaced immediately. Some injuries cannot be prevented by any helmet. Every wearer is responsible for his acting by himself/herself. This fascinating sports requires a considerate acting by doing it.

1. Put on the helmet and adjust it to your size by using the chin fitting and the Rear Retention fitting system. The straps are adjusted well when they form a "Y" forward of and close below each ear. Make sure that your ears are not covered by any part of the straps.
2. Now close the strap under the jawbone and against the throat. The strap must be tight fit but not impede your agility. Be sure that the strap or buckle is not resting directly on your jawbone or on your chin.
3. With the helmet on tightly fastened, make sure the helmet cannot remove from your head or roll forward or backward excessively.
4. When properly fitted and adjusted make sure your view is clearly and your peripheral vision is not blocked.
5. After every use clean the helmet with clear water and dry it completely before storing it.
6. This helmet is made to absorb some of the energy of a fall. It is imperative to replace any helmet having suffered from an impact, in an accident or received a severe fall, deep scratches or other abuse. The damage might not be visible but it will be there. After a few years of careful use a helmet should also be replaced, even without any damage. Replace a helmet when it does not fit anymore.

Warranty: The guarantee given by law is valid. E-MotionSports is not liable for any incidental or consequential damage. In case of a claim please contact your authorized local retailer.
